

Recover

An antioxidant formula for relaxed muscles.
Ideal after strenuous exercise and competition
to support the horse's natural recovery process.

Feeding Instructions

Feed as a five day course following intense exercise to support the body's natural recovery process, and to ensure mobility and athletic potential is maintained.

ml
per day

Horses & Ponies

100

Shake well before use.

For fussy feeders Recover may be fed by a clean, oral syringe (not provided).

A 500ml bottle fed at 100ml per day will last five days.
