

GastriVet

Ideal for competition horses, GastriVet promotes a healthy gastric environment, supports the natural anti-inflammatory processes, soothes the stomach wall and balances the pH levels in the gut.

Top Tips for feeding GastriVet • Split between feeds through the day. • Add to a small chaff based pre-exercise feed (max. 30 mins. before). • Alfalfa based chaffs are recommended. • Avoid straw in the diet. • Introduce gradually for fussy feeders.

Feeding Instructions

Feed GastriVet on recommendation from your vet to soothe and protect a healthy gastric environment.
